

October 14

It's fun! It's valuable! It's
Super Saturday!

Able to train Toastmasters in a single day!

.....

Effective Evaluations

Saturday, October 14 9am—12pm

Instructor: Dominique Fruchtman, DTM

Date Palm Country Club 36200 Date Palm Dr., Cathedral City

It's one thing to praise a well-presented speech and give encouragement, but when an evaluator can find nothing to suggest for improvement, it's doing a disservice to the speaker AND the evaluator.

In this intensive workshop on Effective Evaluations, participants will observe video examples of well-known speakers and audience interaction. We will learn that even the most polished speaker has something to improve upon. Participants will actively discuss and learn how to phrase their observations and comments, and will walk away with a new eye for suggestions for improvement.

Conducted by our own District 12 Evaluation Contest Champion of 2016, Dominique will help us all hone our observation and feedback skills in this interactive workshop.
